

Focused.  
Fast.  
Efficient.

Embrace faster turns, higher volumes, and more revenue with the EFI™ VUTEK® HSr Pro high-speed UV roll-to-roll press.

#### ***Focused on the work that matters most***

- Replace older solvent printers and produce vehicle wraps, truck sides, banners, posters, and more with the 3.2 metre, six-colour VUTEk HSr Pro UV press and EFI 3M™ SuperFlex HSr Ink
- White ink with multi-layer print capability to produce perfect day/night backlit graphics
- Offer customers peace of mind with graphics backed by the 3M™ MCS™ Warranty<sup>1</sup>

#### ***Fast production and faster job turns***

- Produce fleet and vehicle graphics at 223 m<sup>2</sup> per hour in 600 dpi, greyscale and light-smoothing mode
- Take on high-volume, fast turn jobs with up to 334 m<sup>2</sup> per hour per hour in production mode
- Run FASTER than ever with Fiery® Accelerated System Technology (FAST RIP) and process complex files in the shortest time possible

#### ***Efficient capabilities and workflows***

- Print two rolls up to 152 cm wide at once with standard multi-queue on-demand functionality
- Eliminate set up time, labour, and costs for plates and screens
- Increase workflow efficiencies and job data collection with bidirectional communication capability between the Fiery XF RIP and printer, and seamlessly integrate with EFI Web-to-Print and MIS/ERP solutions with native JDF connectivity

## Features and benefits

- Six colours and true greyscale head technology for higher image quality, greater PMS colour matching, and better ink utilisation
- White and multi-layer printing to extend your premium margin offering
- On-board calibration system automatically recalibrates to system settings, eliminating reprinting and re-profiling for consistency from job to job
- Standard multi-queue on-demand functionality for multi-roll printing
- Fiery® proServer with Fiery XF Production RIP and colour management workflow for fast, accurate colour

## Media/Handling

- Handles flexible substrates up to 3.2 m
- Elevated unwinder and rewinder system
- Multiple-roll capability with two 152 cm rolls
- Maximum media weight: 180 kg

## Environmental considerations

- Compressed Air: 6.5 bar minimum, 10 bar maximum at 113 lpm—dry air only (not included)
- Fully enclosed design for operator safety and environmental considerations
- Machine weight: 5900 kg
- Height: 221 cm
- Width: 732 cm
- Depth: 224 cm
- Electrical: 3 Phase 220/380VAC (80A) to 277/480VAC (60A), 5 Wire (3 Phase + N + G)

## EFI 3M™ SuperFlex HSR Ink

- Exhibits solvent-like elongation characteristics and withstands heat installation without cracking
- Ideal for outdoor applications, vehicle wraps, and graphic applications on textured surfaces
- Offers industry-leading 3M™ MCS™ Warranty, and a seven-year 3M™ MCS™ Warranty for vehicle graphics<sup>1</sup>
- Supplied in 10-litre containers in cyan, magenta, yellow, black, light cyan, light magenta, and white
- Fifteen-month shelf life

## EFI Fiery proServer

- Optimised for use with the EFI Fiery proServer
- Bidirectional communication capability between the Fiery XF RIP and printer allows back communication of audit information on every print job
- Powerful production tools, such as nesting, step and repeat, scaling, cropping, and tiling
- Advanced ICC colour management for reliable colour, quality output, and proofing-quality colour

## Enhanced Service Program (ESP)

- EFI's industry-leading service and support program for your printer, Fiery proServer hardware, and Fiery XF software
- Predictable up time to maximise profitability
- One year of Critical level coverage, providing you with eight-business hour response

<sup>1</sup> The 3M™ MCS™ Warranty backs graphics printed with 3M co-branded ink and select 3M flexible media, printed and applied according to 3M product and instruction bulletins. See [www.3M.eu/efi](http://www.3M.eu/efi) to register and for more details.

# EFI fuels success.

From Fiery to superwide inkjet, from the lowest cost per label to the most automated business processes, EFI has everything your company needs to succeed. Visit [www.efi.com](http://www.efi.com) or call 0808 101 3484 or +44 (0)1246 298000 for more information.

Nothing herein should be construed as a warranty in addition to the express warranty statement provided with EFI products and services.
